In order for our client-base to receive speedy and correct information to their unemployment insurance enquiries, the Department of Employment and Labour has resorted to providing contact details which they can call or send their enquiries.

All those who have enquiries related to ordinary unemployment benefits such as maternity, illness, death, adoption, and or are retrenchments can call the specific official allocated to their nearest labour centre office.

As an example, all those who stay in the Eastern Cape in areas such as Port Elizabeth/ Uitenhage/ Graaf Reinet/Grahamstown/ Cradock may call or send their enquiries to Erna Terblanche at 082 800 5163 or email erna.terblanche@labour.gov.za . Clients must also make sure that they have their details such as identity numbers ready when they call.
